ALBUKHARY INTERNATIONAL UNIVERSITY

ALBUKHARY INTERNATIONAL UNIVERSITY

SCHOOL OF COMPUTING AND INFORMATICS

COURSE DETAILS	
SCHOOL	SCHOOL OF COMPUTING AND INFORMATICS
PROJECT 1 COORDINATOR	NADIAH ARSAT
COURSE NAME	PROJECT 2 PROGRESS REPORT – LOGBOOK
COURSE CODE	CCC3026
CLO	CLO 2: Demonstrate personal skills to conduct a computer science-related project (A3, PLO9).
WEIGHTAGE	20%
STUDENT NAME & ID	1. Ro Min Swe – AIU23102134 2. Ye Min Myat – AIU23102132 3. Myat Min Khant - AIU23102103
GROUP NO.	29
SEMESTER	1
PROJECT TITLE	AIU PG Progress: *A Dynamic Postgraduate Research Monitoring, Thesis Submission and Supervisor Evaluation*
SUPERVISOR	Halawati Binti Abdul Jalil Safuan

Summary of Meetings

Semester: 1, 2025/2026

No	Week	Date	Expected Stage of Progress	Current Stage of Progress	Supervisor's Signature
1	0	23-10-2025	Finalise project initial planning	Met supervisor, confirmed project direction, presented framework setup, designed basic UI and ER diagram	
2	1	30-10-2025	Improve system design and establish system flow	Collected supervisor feedback, finalised dashboard drafts, and established frontend-backend login connection	
3	2	07-11-2025	Refine design and define backend requirements	Improved the dashboards draft and worked on the database and backend requirements	
4	3	14-11-2025	Design the CGS module and strengthen the system architecture	Refined frontend & backend, designed the CGS staff portal, emailed CGS for a presentation appointment	
5	4	18 & 20-09-2025	Stakeholder meeting and requirement confirmation	Met CGS staff, gathered requirements, recorded expectations, and updated features with the supervisor	
6	6	04-12-2025	Integrate system modules	Integrated Student, Supervisor & CGS systems; tested system and refined UI	
7	7	11-12-2025	Finalise functional modules and start documentation	Started report writing and implemented Dynamic & Static form systems	

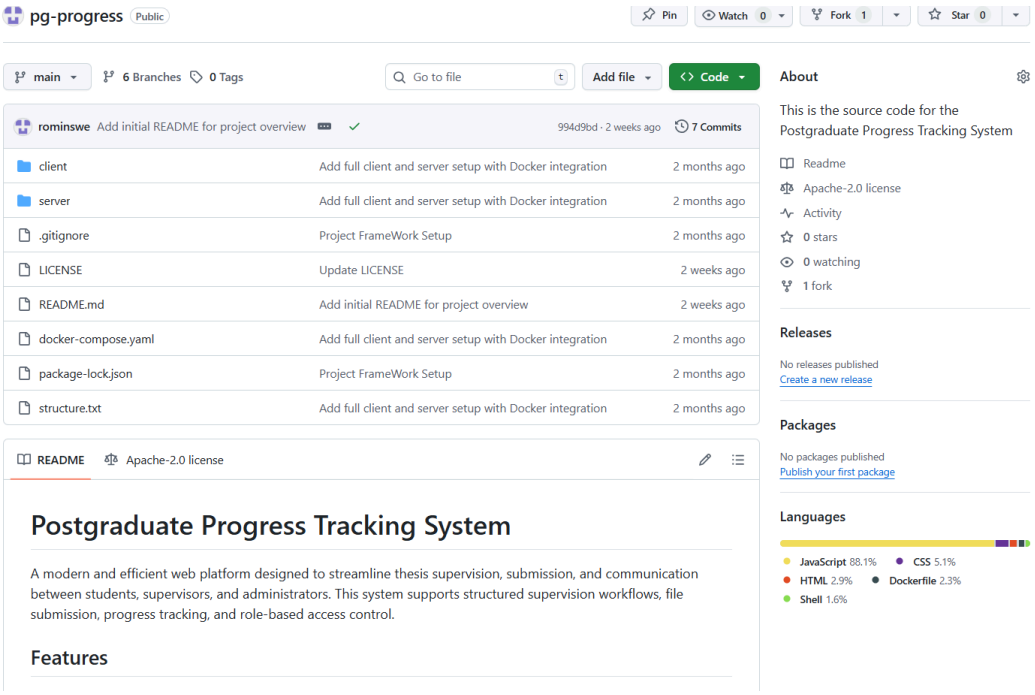
8					
9					
10					

Week:	1	Date:	23 - 10 - 2025

Progress (by Student)

During the semester break, these are the individual contributions we made to the project's success.

Ro Min Swe	Ye Min Myat	Myat Min Khant
Attended a discussion with the supervisor to discuss our project topic		
Presented the Project Framework Setup	Designed the Basic User Interface(UI) of the Project.	Designed the Entity-Relationship (ER) diagram of our database.



Comments (by Supervisor)	Supervisor's Signature

Week:	2	**Date:**	30 - 10 - 2025

Progress (by Student)		
In the first week of the semester, these are what we have done individually to contribute to the success of our project.		
Ro Min Swe	Ye Min Myat	Myat Min Khant
Attended a discussion with the supervisor to get insight into the feature that needed to be added.		
Took notes from supervisor's feedback for reference.	Presented the initial Designed Draft for the Student & Supervisor Dashboards.	Establish the connection between the Frontend and Backend by making sure the Login Processes are Smooth.

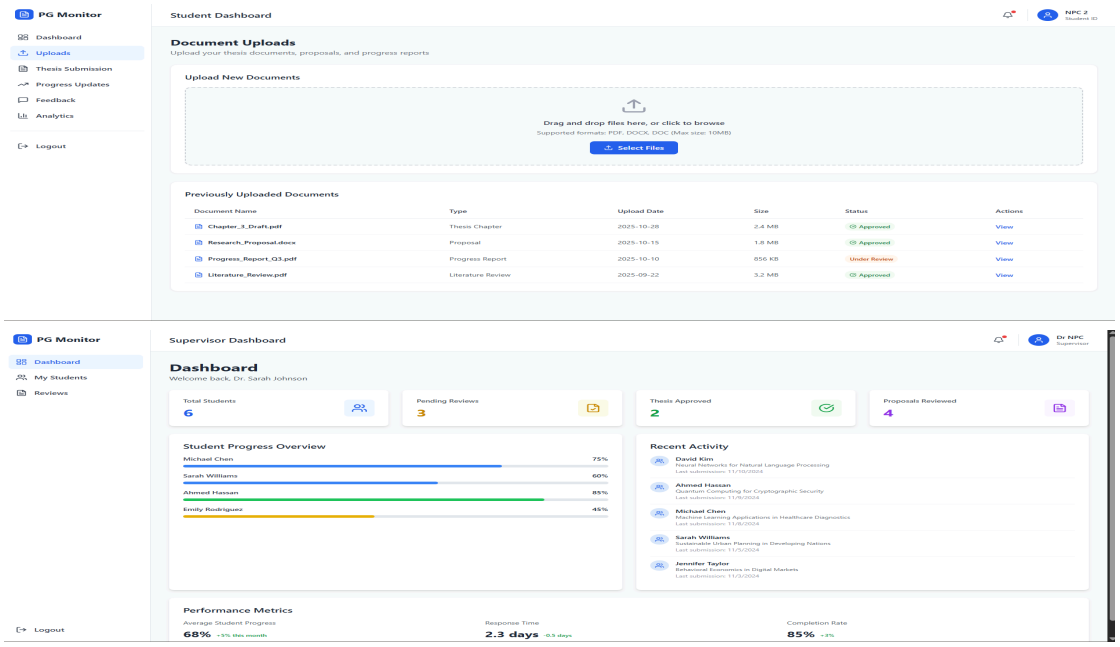
Comments (by Supervisor)	**Supervisor's Signature**

Week:	3	Date:	7 - 11 - 2025

Progress (by Student)

In the second week of the semester, these are the individual contributions we made to the project's success.

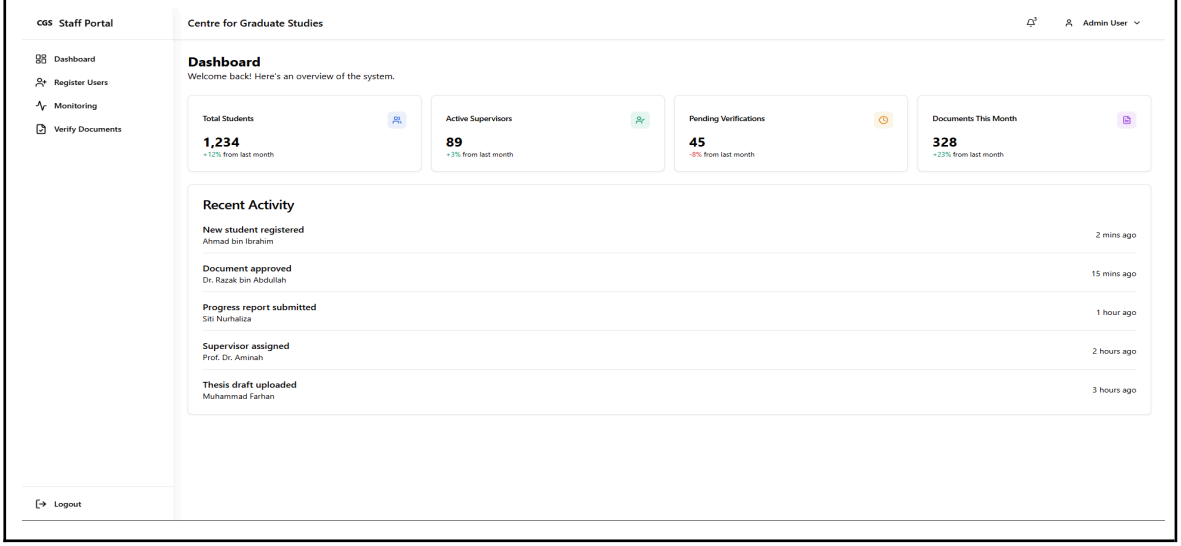
Ro Min Swe	Ye Min Myat	Myat Min Khant
Participated in a supervisor discussion.		
Took notes from supervisor's feedback for reference.	Polished the initial Designed Draft for the Student & Supervisor Dashboards	Focused on database-related requirements and backend system specifications.



Comments (by Supervisor)	Supervisor's Signature

Week:	4	Date:	14 - 11 - 2025

Progress (by Student)		
In the third week of the semester, these are the individual contributions we made to the project's success.		
Ro Min Swe	Ye Min Myat	Myat Min Khant
Participated in a supervisor discussion.		
Helped polish (frontend/dashboard aspects) as well as (database/backend aspects) in the project.		
Emailed CGS(Centre for Graduate Studies) for appointment availability to present the initial draft of the projects.	Designed the CGS Staff Portal, including Dashboards, Review Submission and Student	



Comments (by Supervisor)	Supervisor's Signature

Week:	5	Date:	18 & 20 - 11 - 2025

Progress (by Student)		
In the fourth week of the semester, these are what we have done individually to contribute to the success of our project.		
Ro Min Swe	Ye Min Myat	Myat Min Khant
Attended a stakeholder meeting with CGS's staff (Professor Dr Yusnidah Binti Ibrahim).		
Asked clarifying questions to understand staff needs for student progress monitoring.	Helped note down important points from the discussion.	Helped note down staff expectations and suggestions.
Update the projects feature and discuss with the supervisor based on meeting outcomes to proceed with the next steps.		

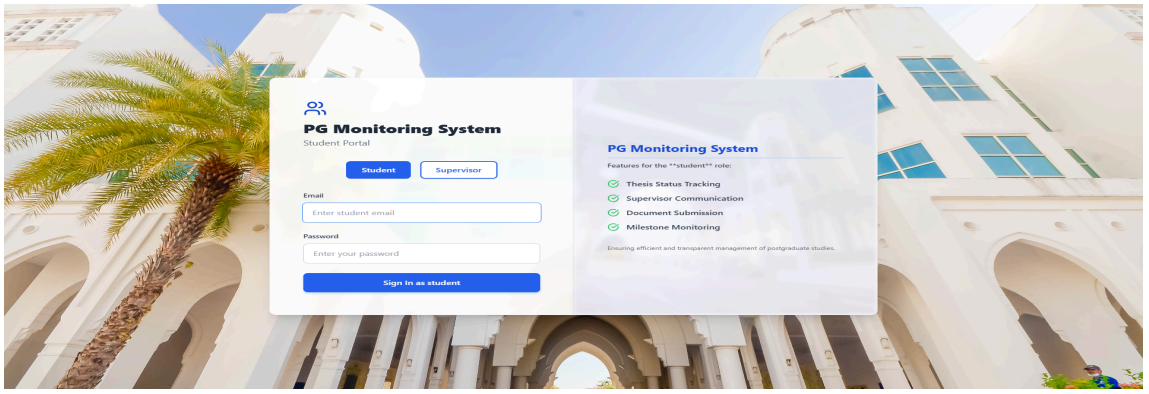
Comments (by Supervisor)	Supervisor's Signature

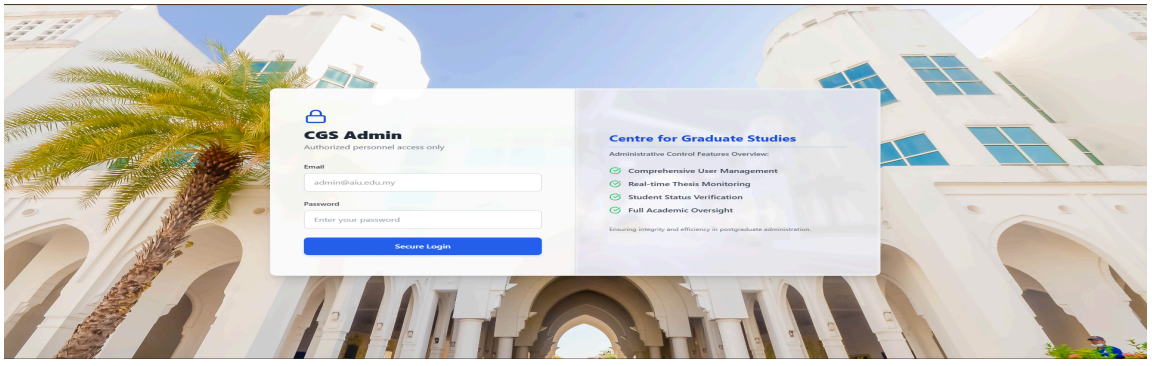
Week:	6	Date:	4 - 12 - 2025

Progress (by Student)

In the sixth week of the semester, these are what we have done individually to contribute to the success of our project.

Ro Min Swe	Ye Min Myat	Myat Min Khant
We took two weeks to procure for integrating the Student, Supervisor and CGS into the main project with respective features.		
Make sure the system is up and running	Polished the Designed Interfaces of the Student, Supervisor & CGS.	





Comments (by Supervisor)	Supervisor's Signature

Week:	7	Date:	11 - 12 - 2025

Progress (by Student)		
In the seventh week of the semester, these are what we have done individually to contribute to the success of our project.		
Ro Min Swe	Ye Min Myat	Myat Min Khant
Started preparing the project report.		
Proposed Idea of Enabling Dynamic Form Creation for the CGS Staff	Implemented the Dynamic Form Creation Function in the system. 	Implement the Static Form, which is manually created. Attended the meeting with the supervisor to decide on which option is the best choice to prepare for the Future Use Cases.		

Comments (by Supervisor)	Supervisor's Signature

Week:	10	**Date:**	01 - 01 - 2026

Progress (by Student)		
During the tenth week of the semester, these are the individual contributions we made to the success of our project.		
Ro Min Swe	Ye Min Myat	Myat Min Khant
Modifying the Database and Backend		
Updated the backend settings to support the new database changes. Submitted the soft copy of the project report to the supervisor via email.	Fixed backend errors to ensure the system runs smoothly. Helped modify the database structure to store form data.	

Comments (by Supervisor)	**Supervisor's Signature**

Week:	11	**Date:**	08 - 01 - 2026

Progress (by Student)		
During the eleventh week of the semester, these are the individual contributions we made to the success of our project.		
Ro Min Swe	Ye Min Myat	Myat Min Khant
Started Implementing the Forms and Registration.		
Started implementing the functionality for User Registration in the system.	Integrated the newly created forms into the main project system.	Created the Postgraduate (PG) Forms for the Student and Supervisor sides.
