## **JUNIOR CYBERSECURITY GRC ANALYST (CGPA 3.67)**

Detail-oriented Cybersecurity graduate (CGPA 3.67) with 7 months of enterprise experience in Governance, Risk, and Compliance (GRC) at Averis. Proven ability to support Security Risk Assessments (SRA), collaborate with Data Loss Prevention (DLP) teams, and assist in IT budget planning. Skilled in project coordination, vulnerability assessment, and software testing (GenAI, Zoom AI). Seeking to apply my analytical and organizational skills to enhance an organization's security posture.

---

## **WORK EXPERIENCE**

### **Projects Coordinator**

**Apr 2025 - Oct 2025**

#### **Averis**

- Collaborated with the Cybersecurity Lead to develop Security Risk Assessment (SRA) analysis and prepare slides on security implications of new technologies.
- Contributed to IT budget planning and updated project dashboards, coordinating between Project Managers and the PMO.
- Evaluated Digital Assets Management (DAM) and Generative AI tools (Zoom AI Companion) against structured criteria to assess functionality and risk.
- Partnered with the Data Loss Prevention (DLP) team to review security controls for the Zoom AI Companion implementation project.
- Hosted and facilitated project meetings, responsible for taking accurate meeting minutes and managing administrative tasks.

### **Quality Assurance and Security Tester**

**Nov 2024 - Oct 2025**

#### **Islamic Institute of Burma (IIB)**

- Conduct thorough quality checks of the institute's startup website to ensure optimal functionality, usability, and performance.
- Perform security audits on the developing website to identify vulnerabilities and ensure compliance with industry-standard security protocols.
- Collaborate with the development team to address and resolve identified issues in a timely manner.
- Provide detailed reports and recommendations for improving website quality and security.

### **Hardware Technician**

**Oct 2019 - May 2021**

#### **Free Lance**

- Installed and configured new hardware and software components and ensured proper operation.
  - Tested and maintained computer systems, networks and peripherals to ensure proper operation.
- 

## **PROJECTS**

### **Albukhary International University**

**Oct 2024 - Feb 2025**

#### **FYP - Web Application Vulnerability Scanner**

Developed a web application vulnerability scanner to identify and assess potential security risks in web applications, ensuring improved security and compliance with industry standards.

### **Albukhary International University**

**Oct 2024 - Feb 2025**

#### **Mental health and wellbeing system for elderly people**

- Conducted comprehensive planning for a software system aimed at enhancing mental health support for senior citizens.
  - Designed system architecture, including user-friendly interfaces, mental health assessment tools, and data privacy features.
  - Created detailed system models, including activity, use case, sequence, and class diagrams.
-

## **EXTRACURRICULAR ACTIVITIES**

**Event Unit Co-Representative for AIU Myanmar Student Association (AMSA) (2023 - 2024)**

**Media Unit Officer for AIU Myanmar Student Association (AMSA) (2021 - 2022)**

---

## **SKILLS**

- **Cybersecurity & GRC:** Vulnerability & Risk Management, Security Risk Assessment (SRA), Data Loss Prevention (DLP), Information Security, Penetration Testing (Theory), Cryptography (Theory)
  - **Project Management & QA:** Project Coordination, Agile/Scrum Methodology, Budget Tracking, Software Testing, Web Security Testing, Quality Assurance
  - **Tools & Platforms:** K2, Burp Suite, Wireshark, Postman, M365, Cisco Routing & Switching, Linux CLI
  - **Networking:** Network Engineering, Hardware Installation and Troubleshooting
  - **Programming Languages:** Python, Java, C, HTML, CSS
  - **Languages:** Myanmar (Native), English (Fluent)
- 

## **EDUCATION & CERTIFICATIONS**

<b>Bachelor of Computer Science (Cybersecurity)(Honours)</b>	<b>2022-2025</b>
Albukhary International University	
Dean's List Awards for 6 semesters with <b>CGPA 3.67</b>	
 <b>Centre for Foundation Studies</b>	<b>2021-2022</b>
Albukhary International University <b>CGPA - 3.30</b>	
 <b>Enterprise Networking Course</b>	<b>2020-2021</b>
M.S.C Education Centre	
 <b>Hardware and Network Engineering Course</b>	<b>2019-2020</b>
M.S.C Education Centre	
 <b>Graphic Designer Course</b>	<b>2019</b>
M.S.C Education Centre	
 <b>Basic Operator Course</b>	<b>2018</b>
M.S.C Education Centre	
 <b>Intermediate General English</b>	<b>2018</b>
Success Language Centre
